Are you a busy person who doesn't have a lot of time but still wants to get healthier? Don't worry, you're not alone. Most people want to get healthy, fit, and look younger. Here are four points for healthy living.

1. Enjoy a glass of water first in the morning. If you haven't got time for anything else in the morning, make time to drink a big glass of water. Our body loses a lot of oxygen through the night and to make our cells refresh, we need to supply them with water and oxygen.
2. Get some fresh fruit on your way out. Wherever you're going- whether it's a walk or drive to the supermarket or on your way to a meeting- pick up some fruit and eat them. They **contain** vitamins and sugar that are required for our body. So never forget to have enough servings of fruit every day.
3. Do daily exercise. If you work in an office, get up every 30 minutes and go for a walk. If you have an office with stairs, run up and down the stairs every couple of hours. Get your muscles moving and your blood flowing.
4. Deep breathing. When you have time - at your desk, driving, cooking food - do some deep breathing. Exchange of oxygen and carbon dioxide is one of the best things we can do for our blood circulation and cells.

47. Why should we drink a glass of water in the morning?
