J. Reading Comprehension. Answer the following question. (3 pts)

Speaking a foreign language is what most people want. Every year many people start learning one. Some people try at home with books and tapes. Some use radio or TV programs; thousands go to evening classes. If they use the language only two or three times a week, it will take some time to learn a language, like language learning at school. Some people try to learn language fast by studying for 6 hours or more a day. Some travel to the country where the language is spoken to learn it. However, most people do not have enough money to go there. Some people need the language to do their work better. Whether the language is learnt quickly or slowly, it is hard work. Language labs, good books and tapes will help, but nothing can be as effective as a good teacher.
